

Job Title

Horticulture Program Facilitator

Job Type

Part-Time, Contract-based Schedule

Immediate opening

Statement of Purpose

This position provides direct service to the clients in the form of horticulture groups and horticulture activities. The Horticulture Program Facilitator reports directly to the Program Director.

Company Overview

Growth Through Gardening offers horticultural therapy programming that is tailored to meet our clients' needs. We design each garden and every experience based on the unique goals of our clients. We believe that everyone benefits from interaction with nature and that horticultural therapy can be used to meet goals that range from the most clinical to the most basic.

Responsibilities

- Facilitate horticulture groups per the program schedule.
- Complete any necessary documentation.
- Collaborate with Program Director to design program activities and communicate horticulture activities the week prior for the following weeks' program directly to the Program Director.
- Coordinate purchasing of horticulture supplies with the Program Director.

Qualifications

- 2+ years experience in the fields of horticulture or education preferred
- Interest in or pursuit of the field of horticultural therapy
- Experience in group planning and facilitation
- Ability to work collaboratively with co-workers at all levels of the organization.
- Consistently demonstrates respect for the cultural and lifestyle diversities of our clients and staff.
- Flexibility for hours and types of assignments with cross-coverage, i.e., covering clients of other therapists who are not present at particular times.
- Willing to work outside during all seasons.
- Ability to lift 25 lbs.
